# NELSON PRODUCT DESIGN & TECHNOLOGY

UPDATED  
FOR 2024

## Nelson Product Design & Technology VCE Units 1-4 5E

Available Dec 2023

\$83.95 Print + eBook

The new Nelson Product Design and Technologies VCE Units 1-4 has been carefully informed by teacher advice and student feedback, with the focus on inspiring VCE Product Design and Technologies students. Explicitly aligned to the new **VCE Product Design and Technologies Study Design (2024-2027)**, this exciting new edition provides a comprehensive resource that guides students and teachers through the practical and theoretical demands of the course.

With a new focus on the introduction of the double-diamond design process and a greater focus on sustainability and First Nations peoples' design perspectives and practices, Product Design and Technologies assists students in developing the key skills and knowledge necessary to achieve success in VCE Product, Design and Technologies.

### Features you will love:

- Explicitly tailored to meet the requirements and outcomes of the new VCE Product Design and Technologies Study Design (2024-2027), which has undergone a major revision.
- Clear and concise explanations of the Double Diamond design process and in-depth exploration of this four-stage model to assist students in their understanding and application of this new approach
- Genuine and authentic focus on First Nations peoples' design perspectives and practices.
- Contemporary and relevant case studies of local designers, makers and business owners demonstrate the Key Knowledge and Key Skills being explored in the classroom.
- Previous student work reinforces the Key Knowledge and Key Skills necessary for student success.
- Detailed planners for each unit to assist teachers and students in balancing the practical and theoretical demands of the subject.
- New exam support ensures students are prepared with exam practice questions, exemplar responses and marking breakdowns.

**Please note: There will not be a workbook accompanying this edition.**
